Thank you!

The Michigan March for Life is an excellent opportunity for advocates for life of all ages and political persuasions from across the state to join with one voice on behalf of the defenseless! We saw a strong showing of support on the first anniversary of the devastating passage of pro-abortion Proposal 3 with our first March in 2023, and we expect an even greater turnout this year as we continue to promote "Life. The Other Choice." to women in Michigan. Join us as we peacefully advocate for the protection of all human life from conception to natural death and stand for commonsense laws that support women, safeguard families and defend the unborn in our state. Van Buren County RTL, working with Berrien County RTL, Cass County RTL and RTL St. Joseph County has reserved a bus. Tickets are \$25. World's Largest Planned Parenthood Closes

Planned Parenthood's Houston area Prevention Park location, known as the "largest abortion facility in the Western hemisphere." has announced it is closing. Before Texas enacted its recent protections for the unborn, this facility performed upwards of 10,000 abortions up to 24 weeks of pregnancy per year. As good as this new is, Planned Parenthood is shifting their emphasis to telehealth abortions. After closing 4 Planned Parenthood locations in Michigan, Planned Parenthood announced its plans to expand by 40% its telehealth efforts, targeting women, young girls and couples in the quiet privacy of their homes on their handheld devices.
